

# Heycoach!!

## Release Update

### 2.35 to 2.36

Below is a list of the changes that have been introduced since 2.35

- 1 The way the times are entered in the system has been improved.
- 2 New web pages can now be created, namely, Player's page, Coach's page, Venue Page and League links. **Read the help** on these pages.
- 3 The Web Schedule can now be hot linked to the Venue and ( if desired ) individual opposition URL's
- 4 The Web Results page can be linked to either game sheets or summaries.
- 5 Improvements to the CSV import program have been made.
- 6 A few minor bugs have been corrected.

If you have any questions or problems with the above please contact us on 416-587-1280 or at [hutchy@heycoachsoftware.com](mailto:hutchy@heycoachsoftware.com)
